Partners for Sustainability

Stability...Continuity...Hope

Habitat invites you to become a Partner for Sustainability by contributing to \$5, \$25, \$50 or whatever you can afford per month via an electronic funds transfer (EFT). In this grassroots effort, if six thousand people each gave \$5 a month, we would have enough money to build ½ of a house each month. With a contribution of \$25 from each person, more than two full houses could be built. Together we can make a difference.

The Partners for Sustainability Program is guided by three key values:

- **Stability** – Partners for Sustainability provide monthly funding that Houston County Habitat can depend on. This stability makes it possible for the construction team to accurately plan the homebuilding process.
- **Continuity** – Partners for Sustainability develop a deep partnership with HoCo Habitat, providing a continual stream of affordable houses to families in need throughout Houston County.
- **Hope** – Partners for Sustainability breathe hope into the lives of our partner families. This hope transforms them as they understand that they will no longer be defined not by the struggles of their past but by the new opportunities that homeownership offers them.

To become a Partner for Sustainability simply fill out the form below and return it along with a voided check.
