

Dear Community Partner,

## We have exciting news to share!

Houston County Habitat for Humanity now has the opportunity to make **TWICE the impact for families and veterans in need of affordable housing in our community**. In addition to building our traditional Habitat three or four bedroom homes, our affiliate is pleased to announce we will be building small "cottage style" two bedroom homes for individuals and smaller size families. This enables us to serve more in our community!

**Habitat offers a hand up, not a hand out.** Our selected families are issued an affordable zero-interest mortgage and an escrow account is established. Several families have paid off their mortgages and we have never foreclosed on a home. The program is working!

**This September, we break ground on our first 631 square foot house for a disabled veteran, wife and child.** This new home will boast a metal roof -- another first for Houston County Habitat! Benefits of metal roofing include a 50+ year life span and energy savings.

## Will you help us reach our \$25,000 goal?
